

**Table 6**

**From 2022 to 2024, Orange’s HCV Evaluation Process Took More Than Twice as Long as Riverside’s**

HOUSING AGENCY	AVERAGE DAYS TO EVALUATE*	MEDIAN DAYS TO EVALUATE*	AVERAGE DAYS TO OBTAIN HOUSING	MEDIAN DAYS TO OBTAIN HOUSING
Orange	219	185	88	67
Riverside	94	92	160	58

Source: Housing agencies’ application data.

Note: Because Sacramento’s data did not consistently record when it approved or denied HCV applications, we do not present the data for Sacramento.

\* This difference in time could, in part, be the result of Orange approving most of the applicants it evaluated, while many of the applicants Riverside reviewed did not complete the process. Therefore, Riverside would have required less time to review its applicants.
