

Table 15
Orange and Riverside Currently Anticipate Transitioning Their EHV Households to HCV, but Sacramento Does Not Anticipate Having the Necessary Funding

	ORANGE	RIVERSIDE	SACRAMENTO
Number of EHV Households as of January 2026	475	299	417
Plans to transition EHV to HCV?	Yes; has received HUD waiver.*	Yes; has received HUD waiver.*	Yes; has received HUD waiver.*
Does the housing agency project it will be able to provide its EHV households with a HCV voucher?	Yes, Orange explained it plans to gradually transition all EHV households to HCV through July 2028.	Yes, Riverside explained it is attempting to transfer all EHV households to HCV prior to December 2026.	No; Sacramento was in shortfall in 2025 and explains it does not anticipate sufficient HCV vouchers will be available to transition EHV households.

Source: Housing agencies' documents, staff interviews, HUD Dashboard, and HUD letters.

* Housing agencies received a HUD waiver allowing them to place current EHV households onto their HCV waiting list without reopening the waiting list to the general public and waive the requirement for EHV households to submit an application to be placed on the waiting list.
