

Table 2**The State Bar Entered Into a Master Services Agreement With Meazure Learning and Four Statements of Work**

CONTRACT SUBJECT	DATE EXECUTED	CONTRACT AMOUNT	PURPOSE OF THE AGREEMENT
Master Services Agreement	11/07/2024	\$1	Retain Meazure Learning to provide test development, administration, and delivery services with its platform and other technologies to deliver live-proctored remote, test center, hybrid, and event-based services that adapt to the unique needs of each of the State Bar's examination programs, including the California Bar Exam, First-Year Law Students' Exam, and Legal Specialist Exam.
Statement of Work 1	11/08/2024	46,455	Provide online proctoring implementation services, test center onboarding services, and platform and item bank setup.
Statement of Work 2	11/08/2024	151,500	Administer the November experiment consisting of 49 multiple-choice questions to 4,408 remote test takers and 415 in-person test takers at Meazure Learning's testing centers on November 8 and 9, 2024.
Statement of Work 3	11/27/2024	1,790,020	Administer the February 2025 bar exam via the Meazure Learning platform and at its testing centers and pop-up testing centers on February 25 and 26, 2025.
Statement of Work 4	01/16/2025	9,500	Administer retakes for the November experiment to approximately 250 remote test takers on January 17, 2025.
Amendment to Statement of Work 3	02/21/2025	1,244,511	<ul style="list-style-type: none"> Increased volume estimates for remote and in-person test takers. Added costs related to subcontractor, Hypothesis, that would provide an annotation tool that integrates with the Meazure Learning platform and allows test takers to annotate, highlight, cut and paste, and use the search function for the performance test portion of the bar exam. Added one hour to the start time window for online proctoring services. Defined the schedule for testing centers. Meazure Learning to provide computers and proctors at the State Bar-procured facilities in Fresno, Bakersfield, and Los Angeles.
TOTAL		\$3,241,987
